SIX MORE DEATHS FROM FEVER IN NEW ORLEANS

Nineteen Foci of Infection, 165 Cases and 42 Deaths to Date.

WORK OF CLEANING

Being Carried on By Organizations of Citizens.

STRINGENT RESOLUTIONS ADOPTED REGARDING FRUIT SHIPS FROM INFECTED PORTS--THE HEALTH OFFICERS OF DIFFERENT STATES WILL MEET IN CONFERENCE AT NEW ORLEANS SUNDAY.

By Associated Press.

New Orleans, July 26.—Six deaths from yellow fever were recorded today up to six o'clock this afternoon, making the total to date 42. The number of new cases reported yesterday were compiled to-day, eleven, making all told to date 165. There are now nineteen foci of infection.

Organization of forces for fighting the spread of the infection and conducting a campaign of education and practical application of mosquito extermination plans has been completed. One hundred extra men have been put on cleaning the gutters of the city. Men are working as a part of the system of sanitation.

Citizens are being organized in clubs and these ward clubs will form present clubs and a house to house system will be made to assure the cleaning of every cistern and the oiling of every cesspool and water pond. Business men have provided a fund for this work and as the people are urged to the necessity for action there will be no let up or yielding to the sentiment of the community.

The state board of health has adopted more stringent regulations regarding fruit ships, providing they should remain six days at sea between the last port and New Orleans and require fumigation at the port of departure and fumigation after the discharge of cargo.

The citizens are thoroughly aroused over the situation, as they believe the fruit ships are the cause of the disease this year, and brought about the issuance of these regulations regardless of the opposition of the fruit importers.

A conference has been called for Sunday at the health officers of Louisiana, Mississippi and Alabama to discuss quarantine regulations and devise a system by which travelers can be passed on a certificate of the maternal hospital service.

DEATH LAST NIGHT OF

MRS. KATHARINE BOGHICH

Mrs. Katharine Boghich, an aged lady, died last night shortly before 11 o'clock at her home, No. 814 West Government street, after a short illness.

The deceased leaves two sons, Capt. Paul Boghich and Engineer Mark Boghich, in addition to three daughters, all of whom are married.

Mrs. Boghich had reached the age of 67 years. She was stricken with illness the day previous, and continued to sink until last night, when she died.

The funeral services and the place of interment had not been decided this morning, though it is probable the funeral will occur at Milton.

GUNBOAT BENNINGTON AFLOAT ON EVEN KEEL

WILL BE TOWED TO MARE ISLAND NAVY YARD FOR THOROUGH OVERHAULING AND REPAIR--SHIP BUT LITTLE DAMAGED BY FORCE OF RECENT EXPLOSION AT SAN DIEGO.

By Associated Press.

San Diego, July 26.—The United States gunboat Bennington is again afloat on an even keel and will be towed to the Mare Island Navy Yard to be thoroughly examined and repaired. She will be taken up by the Iris, escorted by the powerful naval tug Fortune. Divers were making an

examination of the hull to-day.

Admiral Goodrich is expected to arrive to-morrow, when the investigation will be begun. An examination of the inside of the ships shows the hull has been damaged little if any. The water which poured in and caused the listing came through a blow hole and pipes broken off by the explosion.

LOGGING ROAD TO BE EXTENDED

Brewton, July 26.—The Southern States Land and Lumber Company at Muscogee, Fla., has let the contract for the extension of their logging road into Escambia county in the vicinity of Atmore, crossing the main line of the Louisville and Nashville about two miles west of that town. This company owns a large tract of timber land in the southwestern part of Escambia county, from which they wish to cut the timber. The land is very fertile and when cleared of timber will be converted into farms. As fast as the timber is cut from the land in all parts of the county it is being converted into farms and truck patches, orchards and strawberry culture, and produces as fine crops as are grown in any section of the county.

BARON KOMURA TO SEE PRESIDENT

By Associated Press.

New York, July 26.—Baron Komura and Minister Takahira, the Japanese plenipotentiaries, will make an informal visit to President Roosevelt to-morrow. They will not be accompanied by any members of their suite.

POLISH STRIKERS CAUSE TROUBLE

By Associated Press.

Lodz, July 26.—Two thousand five hundred men in Geyer's cotton mill struck to-day because a foreman was discharged. The strikers are threatening to destroy the mill and made a demonstration this afternoon but were dispersed by Cossacks who arrested two hundred.

Blown to Pieces With Dynamite.

Banff, N. W. T., July 26.—While a number of miners were at work in the Bank Head mine an explosion of dynamite occurred, which wrought awful havoc in the mine and killed three men. The bodies of the men were blown to pieces, not enough being left by which they could be recognized. Seven others were injured. The cause of the explosion is not known.

Yardmaster's Skull Fractured and Eye Torn Out.

ENGINEER BADLY SCALDED ON THE ARMS AND LEGS--DEAD AND INJURED BURIED UNDER DEBRIS OF HALF A DOZEN FREIGHT CARS.

By Associated Press.

Atlanta, July 26.—Derailed by the spreading of the rails a freight train on the Central of Georgia Railroad was wrecked in the western part of the city to-day, causing the death of three men, two white, and one negro, fatal injuries to one and serious injuries to a fifth man.

The dead: John Woodruff, Conductor; Horace McGee, trainman and Green Colbert, a negro fireman.

The injured: Yardmaster F. M. Woodall, fractured skull and eye torn out; Sam Harris, engineer, badly scalded on arms and legs.

The locomotive left the track and half a dozen freight cars following piled up on the wreck, burying the dead and injured under the debris.

PANAMA POLICE FORCE IN A MUTINY

Trouble Quelled Almost Immediately by Prompt Action of Secretary of War.

By Associated Press.

Panama, July 26.—A mutiny took place among the police force here to-day, but was quelled almost at its beginning by Santiago de la Guargia, secretary of war, who faced the mutineers with drawn revolver and backed by officers of the force, brought the men into submission. The principal leaders were severely chastised by the secretary, and together with other mutineers, were placed in irons. Politics had nothing to do with the mutiny.

MORTON PRESIDENT OF THE EQUITABLE

ARRESTED AFTER VERY LIVELY CHASE

Tom Wilson Who Made His Escape From an Officer, Arrested Last Night.

Tom Wilson, a white boy, who has been wanted by the police for several days, was arrested last night, but not before he had given Officer Ray a lively chase. Wilson is wanted for selling jewelry without a license, and although every effort was made to locate him the police were unsuccessful until last night, when Special Officer Ray caught sight of him on Palafox street. The boy also saw the officer and the two engaged in a foot race, the officer finally succeeding in overhauling the boy as he was endeavoring to secrete himself in a residence near Baylen street. The lady residing there was badly frightened by the sudden appearance in her home of a stranger, but the arrival of the officer allayed her fears.

Wilson was arrested recently, but before the arrival of the patrol wagon he succeeded in making his escape from the officer and has been at large since that time.

BRAKEMAN FELL FROM TOP OF CAR

As It Was Coming Down Incline from Commandancia Wharf. Was Badly Bruised.

While switch engine No. 448 was hauling a string of about 20 empty box cars down the incline on Commandancia street wharf yesterday morning an unusual accident occurred.

After the start was made some cars on the rear got uncoupled and, immediately after, the forward portion of the train began to move faster, leaving the several cars still moving, but a short distance behind. When the front part of the train slowed up, the rear part continued going down the incline and, overtaking the cars ahead of it, bumped into them with a force that shook things up generally.

No damage would have resulted but for the fact that the colored brakeman, Tom Bibb, was sitting on the rear end of the train and, not noticing that the cars had become uncoupled was thrown head over heels when the two portions of the train came together and he struck the ground below with terrific force. The height of the trestle where this occurred was probably eight feet so that his fall was lengthened just that much from the top of the car on which he was seated.

Bibb had no bones broken from his fall, although he was badly bruised all over the body. He was taken to St. Anthony's hospital for treatment at the hands of the Louisville and Nashville surgeon, Dr. Frank G. Renshaw.

JAMES WHITE WILL BE UP IN A SHORT WHILE.

James White, who has been in the hospital for more than a week, is expected to be able to return to his home within the course of the next week, provided his condition continues to improve as it has during the past week.

Yesterday he was able to sit up in bed, and he partook of a hearty meal. He is fast gaining strength, and his condition is very pleasing to his physicians and friends.

Many friends of the young man have called to see him during the past few days.

Elected at Meeting of Board of Directors in New York Yesterday.

POSITION OF CHAIRMAN WILL BE ABOLISHED--RESIGNATIONS OF ALEXANDER AND STRANAHAN FROM DIRECTORATE ACCEPTED. BIG SAVING EFFECTED BY RETRENCHMENT.

By Associated Press.

New York, July 26.—The directors of the Equitable Life Assurance Society to-day accepted the resignations of former President James Alexander and Nevada Stranahan, as directors. Paul Morton was elected president, retaining the chairmanship and George F. Vieter, of New York, and Ernest B. Kruttschnitt, of New Orleans, were nominated as directors and will be elected to-morrow.

Chairman Morton reported that by a retrenchment five hundred thousand dollars will be saved annually.

It is likely the position of Chairman will be abolished to-morrow. It is understood that Morton's salary as president will be eighty thousand dollars a year.

The matter of pensioning the widow of H. B. Hyde was referred to a committee.

WEEDS MUST BE REMOVED BY CONTRACTOR

Provided They are Placed in Boxes, Barrels or Other Receptacles the Same as Garbage.

The garbage contractor, who has heretofore been refusing to haul away weeds cut from yards, must hereafter remove them, as well as all other classes of garbage. This is the decision of the city authorities, who have examined into the contract for the removal and disposal of garbage.

Of course the garbage contractor will not be compelled to pick up weeds when they are piled in the streets, but where placed in a box, barrel or other receptacle they must be removed the same as any other class of garbage, and the city proposes to see that it is done. At present the citizens are cleaning up their premises and many have asked that the city have the weeds removed.

The authorities request of the citizens that any case where the garbage contractor refuses to remove weeds that the same be reported to them at once, in order that the proper steps be taken.

CHINESE WILL BUILD RAILWAY

By Associated Press.

Shanghai, July 26.—One hundred and sixty of the leading merchants of Chikiang province have informed the Board of Foreign Affairs that they have subscribed enough money to build the Sochow-Hang Chow-Ningpo railway without foreign assistance. They petition the board to cancel any concession to foreigners.

Peary Heading Northward On Voyage of Discovery

By Associated Press.

North Sydney, C. B., July 26.—The Arctic steamer Roosevelt bearing Commander Robert E. Peary's latest expedition, swung clear of the terminal wharf this afternoon and headed northward on its voyage of discovery.

Commander Peary in speaking of the expedition shortly before its departure showed firm confidence that the outcome would be successful, in which case he intends to return in September, 1906.

Mrs. Peary and daughter left for New York to-day.

Posse Fired Swamp to Force

Surrender of a Murderer

AWFUL CRIME OF FIEND NEAR HATTIESBURG

Wife of Section Foreman Brutally Treated by an Unknown White Man.

COUNTRY EXCITED

Sheriff Has Offered \$100 Reward for Arrest of Perpetrator.

THREATENED LIFE OF BABY WHILE APPLYING CHLOROFORM TO NOSTRILS OF ITS MOTHER. SEARCHING PARTIES ARE SCOURING THE COUNTRY.

By Associated Press.

Hattiesburg, Miss., July 26.—The country three miles east of here on the New Orleans and Northeastern Railway is in turmoil over a heinous case of criminal assault perpetrated by a strange white man upon Mrs. Jno. Brige, wife of a railroad section foreman. Sheriff A. J. McAllen has offered one hundred dollars reward for the capture of the perpetrator of the crime.

The woman was at home alone with her young babe when a stranger entered through the window, thrust into her face a handkerchief saturated with chloroform and pointing to the baby asleep on a cot said: "If you scream or say a word I will throw the babe on the floor and stamp its brains out."

When the husband returned he found his wife on the floor still unconscious and it was several hours before she was able to give a coherent account of what had happened.

Searching parties were hastily formed and are scouring the country for the fiend.

BURTON CASE IS STILL BEFORE COURT

Prosecution Has Not Yet Concluded Its Evidence, But Case Will Be Finished To-day.

The Burton case, which has been before the Criminal Court for the past two days, has not yet been concluded. In fact the prosecution has not finished its case, although a large number of witnesses have been examined. Every detail of the charges against the former deputy clerk are being brought out. During yesterday the witnesses were examined regarding the alleged raising of county warrants, and in addition the prosecution introduced other witnesses who had knowledge of the affairs of the county, among them being former members of the County Commissioners.

It is expected that the prosecution will conclude its case by noon to-day, when the defense will begin. There are only a few witnesses to be examined on the part of the defense, and it is probable that the case will go to the jury to-night.
